MEMORANDUM FOR: SSA/DDA

FROM :

[Redacted]
Assistant General Counsel

SUBJECT : S.2525 -- Proposed Charter Legislation --
Title IV, CIA-Revision

REFERENCE : Memo for OGC from Acting SSA/DDA, dated
16 August 1978, same subject

1. Thank you for your helpful comments concerning the revision of Title IV. The following is addressed to your particular concerns.

2. Section 413(f)(5) -- we are proposing this section read merely "provide support, as necessary," to the O/DNI.

3. Section 421(a)(5) -- it was intended section 422(a) would provide overall, broad Agency procurement authority. Other components have expressed similar concerns and we will request 421(a)(5) be reinserted. ✓

4. Section 424(5) -- while it may be neither necessary nor advisable to make this provision directory, we shall attempt to devise alternative language which would strengthen this section.

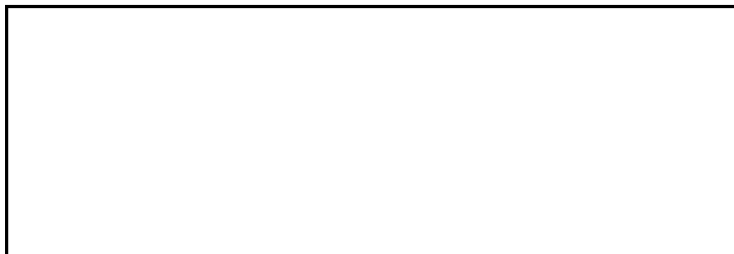

5. Section 441(a) -- we shall propose conforming these definitions to the Federal Travel Regulations. ✓

6. Section 441(b) -- the modification you suggest will be proposed.

7. Section 441(c) -- while it is difficult to argue with a not-unprecedented requirement for Presidential determination (See, e.g., CIA Retirement Act of 1964, as amended by P.L. 94-522, §292), we are proposing deletion of the 60-day waiting period.

8. Section 441(d) -- this change will be proposed.

9. Section 422(d) -- this provision was proposed to provide precisely the authority regarding real estate transactions which you have described.
